

# Tell Me

**Andre Crom**

some words  
spoken in the area of life  
show me you can get the fire rise  
the night when we will burn oh so bright  
so tell me tell me

and you will see  
some time that is coming over me  
the five birds wont live without you and me  
it is gonna raise yours arms and set you free, set you free  
so tell me tell me

---
