

# Tinseltown

## Kreng

Big fake snowflakes hanging from the streetlights  
Marsh mellow children bundled up real tight  
Short fuses, long lines, so much for a silent night  
Then magically we all wake up  
(Once a year we all wake up )  
And find ourselves here in our own  
Tinseltown  
Where everything glitters  
Tinseltown  
All sparkle and shimmer  
Look around and see the brightest stars come out  
In Tinseltown, in Tinseltown  
Three King manger scene, glowing on the front lawn  
Ladies auxiliary butchering, "The Christmas Song"  
Quarters in the kettle of the gin-jolly Santa Claus  
Then magically, we all wake up  
(Once a year we all wake up )  
And find ourselves here in our own  
Tinseltown  
Where everything glitters  
Tinseltown  
All sparkle and shimmer  
Look around and see the brightest stars come out  
In Tinseltown, in Tinseltown  
So where's the  
Batteries, it's Christmas Eve assembly is required  
Can't get the kids to sleep, sugar's got 'em wired  
Finally round midnight  
(All is calm, all is bright)  
Then magically we all wake up  
(Once a year we all wake up )  
And find ourselves here in our own  
Tinseltown  
Where everything glitters  
Tinseltown  
All sparkle and shimmer  
Look around and see the brightest stars come out  
In Tinseltown, in Tinseltown  
Tinseltown

Where everything glitters  
Tinseltown  
All sparkle and shimmer  
Look around and see the brightest stars come out  
In Tinseltown, in Tinseltown  
Tinseltown  
Tinseltown, Tinseltown  
Tinsel all the way
