Under The Gun

Danger Danger

Lost in the shuffle the hustle and bustle of the city
Just a sweet young girl in a knockdown world, such a pity
Well she never worried, growin' up in a hurry
No one showed her the right
She met a man, he took her hand one night

Out on the street all the people you meet
Wanna use you for your innocent ways
Running around you're the talk of the town today

You were so cool you played by the rules
You thought you had it in the palm of your hand
You're on your way to the top and
They won't let you stop till you're there

Now you're under the gun out on the run
Paying the price with your flesh and your blood
It's bringing you down, bringing you down
Livin' your life under the gun

Under the lights, you're feelin' the bite
Of big city days and big city nights
Now you're alone, you wanna go home, but you can't

You're goin' out of your head, they're in and out of your bed
You're losin' sight of what you thought was the truth
They'll string you along till you're tattered and torn
Then along comes somebody new

When you're under the gun out on the run
Paying the price with your flesh and your blood
Itâ€™s bringing you down, bringing you down
Livin' your life under the gun

You were on the top but now
You're runnin' out of time
Open your eyes
Now you're under the gun
Under the gun

Under the gun, out on the run
Paying the price with your flesh and your blood
It's bringing you down, bringing you down
Livin' your life under the gun

Under the gun, out on the run
Paying the price with your flesh and your blood
It's bringing you down, bringing you down
Livin' your life under the gun

Under the gun
Under the gun
Under the gun
Under the gun
Under the gun
