

# Gino's Kryptonite

## So Does Your Mother

GINO™S KRYPTONITE

Gino is a Lycanthrope  
That dance on a garbage can  
In the morning he sleeps like a dog  
In the night he dances like a man

Under a Tiber™s bridge  
He practices in the dark  
But his rival is there to tease him  
And Gino falls every laugh

The Sharp Cat  
Is Gino™s Kryptonite  
You can see them  
Dancing in the night

The Sharp Cat envies Gino  
For his skills and agilty  
He reminds him of when he was younger  
When he could dance with ability

Gino hates the Sharp Cat  
He distracts him every night  
Cause the Cat starts to laugh at  
Every dance step he tries

The Sharp Cat  
Is Gino™s Kryptonite  
How he can  
Stop falling till daylight

Go away  
Gino says  
To the Stupid Cat

I will stay  
The Cat Says

To our poor friend

Solo flauto

The Sharp Cat  
Is Gino's™ Kryptonite  
You can see them  
Dancing in the night

Gino continues to dance and the  
Sharp Cat continues to Laugh

Gino continues to fall and the  
Night is going to end
