

Finally Found A Home

Huey Lewis & The News

It used to make me so fed up
People always asking me
What will you be when you grow up
You're gonna need security
Spent a little time in school
Wishing I was somewhere else
Having fun and acting cool
I just want to be myself And I finally found a home
Where I'll never be alone
Right here where I belong
And I finally found a home
Here, in a song Thought I'd finally found the one
Together we would always be
Funny how things come undone
Love's not what it's supposed to be
Now everybody needs a place
Even if it's on a stage
Everybody needs a place
Something to help them turn the page And I finally found a home
Where I'll never be alone
Right here where I belong
And I finally found a home
Here, in a song It used to make me so fed up
People always asking me
What are you now that you've grown up
Exactly what I want to be And I finally found a home
Where I'll never be alone
Right here where I belong
And I finally found a home
And I finally found a home
I ain't goin' nowhere
And I finally found a home
If you want be I'll be here
And I finally found a home
And I finally found a home
Here in a song
And I finally found a home
And I finally found a home

And I finally found a home
