Sinning By Your Side

Scarlet

Does this hurt you? Does this make you feel alive?
Can I be the lover in your bed? Sinning by your side.
Annie, pull me closer. Annie, crush me harder.
If I cut you will you bleed? If I touch you will you need?
You're Mr. Big shot. You're Mr. Cheap shot. Say my name again.
Feel your blood flow. Feel me down slow.
Take my breath away.I'm the best you ever had. You're Mr. Big shot. You're Mr. Cheap shot.
I know I'm the best you've ever had.
Hey, whatever makes you come.
