

Wasted, Pt. 1

Pop Will Eat Itself

Forever laid out I will be
Forever laid out wasted, wastedA little reminder on the kitchen floor
A little reminder and I'll tell you more
A little reminder up against the wall
A little reminder and I'm ten feet tallForever laid out I will be
Forever laid out wasted, wastedForever wasted
Forever laid out, forever wastedForever laid out, forever wasted
Forever laid out, I'll be wasted and laid out foreverA little reminder, a little reminder
Mine, all mine, all mine to remind youForever laid out I will be
Forever laid out wasted, wastedA little reminder on the kitchen floor
A little reminder and I'll tell you more
A little reminder up against the wall
A little reminder and I'm ten feet tallForever laid out I will be
Forever laid out wasted, wasted
