# Take It Off

## Kiss

Well, my mind is gettin' dirty
Yeah, around eleven-thirty, uh huh
I wanna watch some asses shakin'
To the noise the boys are makin', uh huhOoh, so I hop into my car
Hit the local titty bar, uh huh
'Cause, that's my kind of situation
When I need some perspiration, uh huhI do my one-step shoppin'
For the girl of my dreams
'Cause, I can always be sure
That she's as good as she seemsTake it off, give it to me
Take it off, like you'd do me
I wanna see what's inside
'Cause, you got nothin' to hideTake it off, pretty baby
Take it off, drive me crazy
You know, you make me so hot
I wanna see what you got
Take it off, ooh yeahWave your panties in the air
Lick your lips and shake your hair, uh huh
Ooh, when you spread a little oil
Yeah, my blood begins to boil, uh huhYeah, it's so hard to choose
When you all look so fine
But I got nothin' to lose
But my money and my mindTake it off, give it to me
Take it off, like you'd do me
I wanna see what's inside
'Cause, you got nothin' to hide
Take it off, pretty babyTake it off, pretty baby
Take it off, drive me crazy
You know, you make me so hot
I wanna see what you got
Take it off, ooh yeah
Take it off, yeahOoh, move your sweet body closer
(I want to be alone with you)
Yeah, come on and be my fantasy
(There's so much you and I could do)Oh, you're so near, I can taste you
(You're teasin' me, yeah, you're pleasin' me)
Ah, I know you're dancin' just for me
Just for me, just for meTake it off, pretty baby
Take it off, drive me crazy

You know you make me so hot
I wanna see what you got
Take it off, pretty babyTake it off, give it to me
Take it off, like you'd do me
Girl, you got nothin' to hide
Now, lemme see what's inside
Take it off, take it, take it, take it off
Yeah
