Evergazing Eyes

Overdrive Orchestra

Take me downtown
And teach me your tricks
I'll learn quite well
And don't think too muchMake me your muse
And show me your game
I'll show you mine
But not without a tradeThe sun has set, let's dance
Torture me so well
Nevermind their stares
Forever watching us againEvergazing eyes, lead me to you know
Evergazing eyes, staring through me now
