# Calico Man

## Phox

Calico man don't you worry
I have to drop your hand, as I have to leave the city
But I'll like to come again
And you don't have to tell your sisters
Lay on to what you wait
But I will shaded for each corner
And I will never love againNo need baby, what's the hurry, another words you've alsye say
But at this distance you go worry
From this you'll never go away
You don't have to tell your mother
And she don't want to see you sad
But I will hold it from another
And I will never love againHer blood is all 'I know
And I feel all of it too
1936 breathing I'm gone at her stone, never galm
Need this hope, it's for life
But she doesn't give on her grandchildren graving
No, endless raise by a '
Spear it grinded for sin, sin
And of all the 'and she dhe don't care if every one's leaving
That blood is her blood too I know
And I feel all of it too
And you know and you know
The blood is 'by too, I know
I feel all it's new
Enough away with the hour tour the midnight
It's behind all we keep fight
And then we will serve, no way around this '
'fall around
Her blood is our blood I know,
And I feel all of it and you know
And her blood is my blood I know
I feel all as new,
Her blood is our blood too, I know
