

Speak On It (Featuring Val C.)

Kurupt

[Kurupt: Intro Talking] There's only one death row everybody else is imitates

Can't stop more gang riding

First of all let me break this shit down for ya nigga

We gonna do it like this lil' home girl in the house

Let me tell you bitch niggaz something check it

First of all ain't no new mother fucking Tupac's nigga

DMX ain't the new Tupac, Ja Rule ain't the new Tupac

And I'll be damned if 50 Cent is the new Tupac

Ain't no new Tupac's mother fucker

Shit get off Tupac dick nigga

Ain't no new mother fucking biggie smalls punk

Nas ain't biggie ain't no new mother fucking new biggie smalls nigga

Get off biggie's dick mother fucker (Shit Shit)

Nigga let the legends be (Punk)

Yeah everybody wanna go to war

First thing they do when they go to war

Is wait a little bit, make some money

And then go holla at arcane

Man fuck that get off arcane's dick nigga (Shit)

Cowards there's a lot of issues going on

Another thing ain't never been no east coast, west coast war mother fucker

Nigga war was real they were between individuals not coast

You mother fucking hyped up ass media mother fuckers

Get off our dicks (Nigga)

Trying to make things bigger than they are

And all you funny ass labels that roll with it

Like there is an east coast, west coast war shut the fuck up

Nigga, you coward, you punks the reals is back[Val C] Speak on it, speak on it, speak on it, speak on it now

Speak on it, speak on it, speak on it, speak on it now

Speak on it, speak on it, speak on it, speak on it now

Speak on it, speak on it, speak on it, speak on it now[Kurupt: Rap] Stop talkin' about shit you don't know what
you talkin' bout

Never was there what you talkin' bout

Everything you don't know about

Don't think cause your cool with Snoop

That you can do anything that you wanna do

First it's war next it's donation false mediation about situations

Take over conversations nigga stop acting like a bitch

Stand up just like a man get your game together

Before a nigga gotta teach you some table manners
Like Kokane said 'To all you suckers get your mother fucking
Knuckles off the table mother fuckers'
I smoke me a cigarette nigga knew ports
Just came up with some other knew thoughts
Like people get paid when we smashing on our own
Doing what we want I smash them on my own
Get the black and the brownie few
Put K's and 9's in the hood
Put crack and crash in the same area
So we can make it look no good
Blame it on hip-hop and gangsta rap
All why these streets keep polluting
All off the murders and all the shootings
All off the hood niggaz trapped and stuck
Fucked nigga blame it on Kurupt
Or how Tha Dogg Pound is broken up
Cause I just don't give a fuck
See Delores Tucker use to burn our records
Rivernal shockers use to burn our records
Now niggaz making money off other rappers
So beat a dick and eat it or eat a dick and beat it
Back in the days you were professional clappers
Clappers turn rapper, rappers turn actors
Doing it big and everybody wanna show niggaz where they live
Nigga I'mma tell you niggaz like this
Get the fuck off a real niggaz dick
And break bread nigga[Val C]Speak on it, speak on it, speak on it, speak on it now
Speak on it, speak on it, speak on it, speak on it now
Speak on it, speak on it, speak on it, speak on it now
Speak on it, speak on it, speak on it, speak on it now[Kurupt: Outro Talking]You know what I'm so burnt with
these busters
For real ey tom these niggaz don't understand
Ey sparks these niggaz are marks (Too much)
Fuck em', Fuck em', Fuck em' , Fuck em'
