

Revenge

Black Flag

Spoken:

It's not my imagination
I've got a gun on my back! Promises you made
Never become fact We're gonna get revenge
You won't know what hit you
We're tired of being screwed Don't tell me about tomorrow
Don't tell me what I'll get
I can't think of progress when
Just around the corner
There's a bed of cold pavement
Waiting for me Revenge!
I'll watch you bleed
Revenge!
That's all I'll need I won't cry if you- die! die!
We're gonna get revenge
You won't know what hit you
We're tired of being screwed Revenge!
Revenge!!!
