

# No Subject (Come With Me)

## Cartel

Is it me or is it all of us  
And are we dull or glorious?  
Am I on my way down  
Or is this the same thing twice?  
Oh, this feels so nice Come with me, maybe we'll get away  
Come and see, baby it's better when you  
Come with me, maybe we'll get away  
Come and see, baby it's better this way  
Oh, baby it's better this way Well, is this real, is this insanity  
Or is it fate or is it clarity?  
Or am I on the way down  
Or is this the same thing twice?  
Oh, this feels so nice Come with me, maybe we'll get away  
Come and see, baby it's better when you  
Come with me, maybe we'll get away  
Come and see, baby it's better this way We can save this or leave it out  
We're waiting on a ride home  
Woah, the dust could maybe be like home  
Maybe we can go there, we go there Come with me, maybe we'll get away  
Come and see, baby it's better when you  
Come with me, maybe we'll get away  
Come and see, baby it's better this way  
It's better this way
