## You Never Know

## **Dave Matthews Band**

Sitting still as stone watching - watching People walking by you wondering why No one ever stops to talk or thinks about it if they ever did What if God shuffled by?One day we might see Doing not a thing Breathing just to breathe We might find some reasonBut rushing around seems whats wrong with the world Dont lose the dreams inside your head Theyll only be there til youre dead DreamLying on the roof counting The stars that fill the sky I wonder if Someone in the heavens looking back down on me Ill never know So much space to believeFunny when youre small The moon follows the car Theres no one but you see Hey, the moon is chasing meI worried if I looked away shed be gone Dont lose the dreams inside your head Theyll only be there til youre dead DreamWalking through the wood No cares in the world The world has come to play Shes all mine just for a dayTheres not a moment to lose in the game Dont let the troubles in your head Steal too much time youll soon be dead So playAll fall down It wont be so long now Out of the darkness comes light like a flash You think you can you think you can Sometimes that is the problem Dream little darling dreamSpinning on the wind The leaf fell from the limbBut everyday should be a good day to die Oh all fall down It wont be too long now Every fire dies I find it hard to explain how I got here I think I can I think I can Then again I will falter Dream little darling dreamSpinning on the wind The leaf fell from the limb
