Amazing Grace.

James Kilbane

Laying in my room I feel her body closer to me
Sending me vibrations, driving me ought to my mind
No one could believe just what this girl
could do if she tried
She could squeeze, she could please,
get me down on my knees
Make me laugh, make me cry, I don't even wonder whyAmazing Grace, is there anything that I can do?
Amazing Grace, I wanna spend the night with youSummer comes around she's so crazy
when she's dancing with me
Never leaves me wanting more I get as much as can be
All I wanna do is make it 'till we can't even see
She can squeeze, she can please, get me down on my knees
Make me laugh, make me cry, I don't even wonder whyAmazing Grace, is there anything that I can do?
Amazing Grace, I wanna spend the night with you
