Put Your Arms Around Me

Natasha Bedingfield

That original feeling never went away
That's why I'm standing here today
So many ups and downs and nothing's changed
That's why you know I'm here to stay
So put your arms around me and then stay there forever
Let it always be this way, you and me together
So put your arms around me and I'll never let go
I know they're easy words to say but I mean it more then ever
Your's is the kind of love, makes nothing else feel good enough
And I'm never gonna give you up, oh no, oh no
That original feeling never went away
That's why I'm standing here today
Ain't nobody gonna take your place
Only you make me feel this way
So many ups and downs and nothing's changed
That's why you know I'm here to stay
Ain't nobody gonna replace
Only you make me feel this safe
So put your arms around me and then stay there forever
Let it always be this way, you and me together
So put you arms around me and I'll never let go
I know they're easy words to say but I mean it more then ever
Your's is the kind of love, makes nothing else feel good enough
And I'm never gonna give you up, oh no, oh no
Your's is the kind of love, makes nothing else feel good enough
And I'm never gonna give you up, oh no, oh no
I can't explain what's the glue that holds us in
I can't refrain, if I had the chance I'd do it over again
So put your arms around me
So put your arms around me and then stay there forever
Let it always be this way, you and me together
So put your arms around me and I'll never let go
I know they're easy words to say but I mean it more then ever
So put your arms around me and then stay there forever
Let it always be this way, you and me together
So put your arms around me and I'll never let go
I know they're easy words to say but I mean it more then ever
Your's is the kind of love, makes nothing else feel good enough
And I'm never gonna give you up, oh no, oh no

Your's is the kind of love, makes nothing else feel good enough
And I'm never gonna give you up, oh no, oh no
Your's is the kind of love, makes nothing else feel good enough
And I'm never gonna give you up, oh no, oh no, no, no, no
