If It's Hurting You

Robbie Williams

Please don't think of me
If you do gotta block it
I got chills tonight
And you can't be here to stop it
I'm not a parasite
It's just a lonely night
TonightI walked from the bar
'Cause they were only laughing
I wished our our star
But they covered it in satin
I'm not a gigalo
That's what I want you to know
TonightOoh Ooh
I'm hurt you I can see
Ooh Ooh
Do you think it's not hurting meOoh Ooh
The grass ain't always green
And it's hurting you
You know that it's hurting me
You know that it's hurting meYou'll meet other men
Who will break your heart
If I see you with them
It's gonna tear me apartMaybe in another life
We wouldn't be alone
TonightOoh Ooh
I've hurt you I can see
Ooh Ooh
Do you think it's not hurting meOoh Ooh
The grass ain't always green
And if it's hurting you
You know that it's hurting me
You know that it's hurting me
You know that it's hurting me
You know that it's hurting me
