

# I Can Feel It In My Bones

## Earth, Wind & Fire

[Chorus]

I can feel it in my bones

Love is just around the corner

You don't have to be alone

Only if you really want to And I'm gonna say that one more time

This evenin' [Chorus] Listen now I can feel it, can't you feel it, come on

I can feel it way down in my bones [Chorus: x2] Wake up one mornin'

Find a brand new day

Good love vibrations

Everything's goin' in your way One day you'll see

A sky of blue, yeah yeah

I know the sun gonna shine on you

Yeah yeah Listen to me

Love is around the corner

Love is around the corner

Love is around the corner, yeah [Repeat: x3]

I can feel it, can't you feel it, come on

I can feel it way down in my bones
