## From Autumn To Ashes

I felt you slip away  
Far away from me  
Further from me  
You seem to drift far away  
I caught myself wishing you back, as i fight to catch you  
Anger wells inside me  
I see me, frowning, in your eyes  
(i see the fear in you where noone should ever be,  
i find myself striving to catch you from..  
this will hurt me less and less everytime until i feel nothing)  
I see my reflection and the pain scripted across my face, set in stone  
Anger wells inside of me  
I see me, frowning in your eyes  
Far away from me  
Further from me  
You seem to drift far away  
I caught myself wishing you back as i strive for you  
(she said "its not that i dont love you anymore,  
but it would be much more accurate to say that i never loved you in the first place)  
I put the fear in you where noone should ever be  
Nothing to me  
Everything to you  
Nothing to me  
Everything to you.
