High As The Moon

The Get Up Kids

I built an altar for you, out of Polaroids and pins
On the wall of my room
I don't know what to do
Waitin' for you, should be a sinOutside a station, builds me up
It's all I can do
High as the moon, waitin' for you
To come back to my roomI built an altar for you, hope you come around
Those lead to my house
I had a question for you, tellin' the truth
Throws at the soundOutside a station, builds me up
It's all I can do
High as the moon, waitin' for you
To come back to my roomAll I can say
Is show me some strength
Come over please
Your enemies, won't get to youWaitin' to speak
Days into weeks
Come over please
No enemiesOutside a station, builds me up
It's all I can do
High as the moon, waitin' for you
To come back to me pleaseCome over soon
No enemies
Come over see
I'm begging you
