

# Always on My Mind

[Marbert Rocel](#)

I suspect what's running round's in your head  
Almost embedded when your breath touch mine

Next, next, next, next to you

Lost and embarrassed, there's the clock ticking

Wait less than strength in time

Slow motion loops long for done wishes

as we realize them up before

Here you are mind

What is it good for, you are always on my mind

What is it good for, you are always on my mind

What is it good for, you are always on my mind, you're on my mind

I suspect what's running round's in your head

Almost embedded when your breath touch mine

Next, next, next, next to you

Lost and embarrassed, there's the clock ticking

Wait less than strength in time

Slow motion loops long for done wishes

as we realize them up before

Here you are mind

What is it good for, you are always on my mind

What is it good for, you are always on my mind

What is it good for, you are always on my mind, you're on my mind  
What is it good for, you are always on my mind

What is it good for, you are always on my mind

What is it good for, you are always on my mind, you're on my mind
