

Brace

Augustana

I could sit and cry
I am never mad
I am burning up
I am broken up Brace yourself
Brace yourself Come on play again
Don't just stand and stare
I keep calling you
You keep taking in Brace yourself
Brace yourself
Brace yourself
Brace yourself For this
For this
I can brace myself
For this
I can brace myself
For this Yeah Brace yourself
Brace yourself
Brace your-self
For this
For this
For this
For this
