

Loner

YUNGBLUD

All my friends will desert again
And I don't want to be a loner
In my head I can sleep when I'm dead
Baby don't let the hype delude ya
No, no, no I got no one from the quiet life
No forced up smiles over tired eyes
Give me a taste of the riot life
Cause I'd rather be a martyr than grow tomatoes
Keep the young between your teeth
Take the love
Take the doves
Take the self belief
Make your shoes look squeaky clean
But if you want to be a leader stop being a cheater
So bounce if you had enough
Of the people you know
So bounce if you had enough
And just let go All my friends will desert again
And I don't want to be a loner
In my head I can sleep when I'm dead
Baby don't let the hype delude ya Now lock me up in a riot van
As I hold up my fingers to this old man
'Cause he makes sure my future plans
Became a time bomb, sleep with the lights on
Treating her better like a playground
Sugar coat distractions to cover up their shade now
Hey now
You better let me out
All my friends will desert again
And I don't want to be a loner
In my head I can sleep when I'm dead
Baby don't let the hype delude ya You know what I mean yeah
You know what I mean yeah
You know what I mean yeah
Do you know what I mean yeah? You know what I mean yeah
You know what I mean yeah
You know what I mean yeah
Do you know what I mean yeah? So bounce if you had enough
Of the people you know

So bounce if you had enough
Of the alter-ego
So bounce if you had enough
Of the people you know
So bounce if you had enough
And just let go All my friends will desert again
And I don't want to be a loner
In my head I can sleep when I'm dead
Baby don't let a heart delude ya All my friends will desert again
And I don't want to be a loner
In my head I can sleep when I'm dead
Baby don't let a heart delude ya
You know what I mean yeah
You know what I mean yeah
Do you know what I mean yeah? You know what I mean yeah
You know what I mean yeah
Do you know what I mean yeah? Oh woah oh woah oh oh oh
