Change

Mest

I said, "What is that you're saying today?
The exact opposite of yesterday
It's funny how things can change
And your mind gets rearranged"Tell me what should I do
Tell me what should I say
Is there even time for change
Or is it just one following another?When I look your way I don't know what to say
'Cause you change your style almost every day
It's funny the way things went down
'Cause you're the one still stuck in this townTell me what should I do
Tell me what should I say
Is there even time for change
Or is it just one following another?I'm gonna break it down and I gotta let you know
To you life is just a fashion show
That's the way I feel inside
That makes me laugh at how hard that you tryTell me what should I do
Tell me what should I say
Is there even time for change
Or is it just one following another?What will you do and what will you say?
Does it depend on what they're doing that day?
Well, it just, you know you used to hate somehow
You lost yourselfTell me what should I do
Tell me what should I say
Is there even time for change
Or is it just one following another?Tell me what should I do
Tell me what should I say
Is there even the time for change
Or is it just one following another?I said, "What is that you're saying today?
The exact opposite of yesterday
It's funny how things can change
And your mind gets rearranged"Tell me what should I do
Tell me what should I say
Is there even time to change?
