Hold Me Down

Next

Ghetto
Yo
Hold me down
Next, yeahAll I ever need is my wifey
And some real niggas behind me
A lady to hold me down
My niggas will hold me downSomeone that can ride in the passenger side
Ride or die, cop the cake, then we define
Can't nothing hold me down
Can't nothing hold me downThe sun don't shine, sun don't shine
If I, can't wake up next to mine
Wake her ass up, tap her one more time
No more baby sleepin', but she dont mindYeah, she's ghetto
But she keeps a nigga level
Even when I'm short on change
She won't complain, even got an extra job to maintainAll I ever need is my wifey
And some real niggas behind me
A lady to hold me down
My niggas will hold me downSomeone that can ride in the passenger side
Ride or die, cop the cake, then we define
Can't nothing hold me down
Can't nothing hold me downI use to be real friendly with everybody
'Til somebody tried to take my baby
Now the only niggas that hang with me
Are a chosen few, my chosen crew 'causeSome niggas are slimy dude but
You know who Im talkin to you, trust
Real recognize, real for real,
This is Robert, we fell 'way before the dealAll I ever need is my wifey
And some real niggas behind me
A lady to hold me down
My niggas will hold me downSomeone that can ride in the passenger side
Ride or die, cop the cake, then we define
Can't nothing hold me down
Can't nothing hold me downAll I ever need is my wifey
And some real niggas behind me
A lady to hold me down
My niggas will hold me downSomeone that can ride in the passenger side
Ride or die, cop the cake, then we define
Can't nothing hold me down

Can't nothing hold me downNo matter how hard it is
Or how bad the storm gets
I promise this
That I will always be right hereIf its a dollar it's fifty cent a piece
If its a million you get five hundred Gs
'Cause we are family
I'll ride for you, if you'll ride for meAll I ever need is my wifey
And some real niggas behind me
A lady to hold me down
My niggas will hold me downSomeone that can ride in the passenger side
Ride or die, cop the cake, then we define
Can't nothing hold me down
Can't nothing hold me downAll I ever need is my wifey
And some real niggas behind me
A lady to hold me down
My niggas will hold me downSomeone that can ride in the passenger side
Ride or die, cop the cake, then we define
Can't nothing hold me down
Can't nothing hold me down
