

# Here To Stay

## Josh Devine & Ollie Green

Ollie:

Darling, tell me where are you going?

I'm falling, didn't you notice?

Didn't you notice?Josh:

We've been talking, but you can't feel my emotions

I'm trying so hard to show them

But I'm frozen{Pre-chorus}

Ollie:

And the words in my mouth, I said in my mind

But never out loud they're locked up inside

Speak up now, gotta speak up nowJosh:

I've been writing it down, my heart on the line

So you'll never doubt the mountains I'd climb

For us now, it's all about us now{Chorus}

Josh:

I fooled my heart, let it break

I know this time we won't fade

Cause all my love's here to stay

All my love here to stayThrough the dark, fight our way

I know this time I can change

Cause all my love's here to stay

All my love here to stayOllie:

Heartless, please don't tell me I'm heartless

It's just I don't have all the answers

All the answersJosh:

It's not cause I'm thoughtless

I'm giving up everything for this

We'll figure it out I promise

And that's a promise!{Pre-chorus}

Ollie:

And the words in my mouth, I said in my mind

But never out loud they're locked up inside

Speak up now, gotta speak up nowJosh:

I've been writing it down, my heart on the line

So you'll never doubt the mountains I'd climb

For us now, it's all about us now{Chorus}

Josh:

I fooled my heart, let it break

I know this time we won't fade

Cause all my love's here to stay  
All my love here to stayThrough the dark, fight our way  
I know this time I can change  
Cause all my love's here to stay  
All my love here to stayOh, Oh, Oh, Oh  
All my love's here to stay  
All my love here to stay{Bridge}  
Ollie:  
You're invading, all my mind, all my mind  
Heart is racing, over time, over time  
Gotta shout it, out tonight, out tonight  
My love is here to stay{Chorus}  
Josh:  
I fooled my heart, let it break  
I know this time we won't fade  
Cause all my love's here to stay  
All my love here to stayThrough the dark, fight our way  
I know this time I can change  
Cause all my love's here to stay  
All my love here to stayOh, Oh, Oh, Oh  
All my love's here to stay
