Garbo

Falco

She had exquisite style, she was upper class

She had supernatural grace

A mlange of Aphrodite and Venus

Combined with an angel's faceShe didn't talk to the press, so she couldn't care less

She didn't even answer the phone

She said on one occasion, without persuasion

I want to be left aloneFrom this moment on, from dusk till dawn

Till the end of time, I'll be with you

You'll be with me, forever in my mindIt's you I see before me, oh oh, Garbo

C'est toi que je t'adore, oh oh, Garbo

A lovers' greatest story, oh oh, Garbo

They say, well that's amore, oh oh, GarboIt's you I see before me, oh oh, Garbo

C'est toi que je t'adore, oh oh, Garbo

A lovers' greatest story, oh oh, Garbo

They say, well that's amore, oh oh, GarboPeople say on the day of victory, no fatigue is felt

Garbo, it's you that has the power that makes ev'ry man's heart melt

They say that, when the heart is a fire sparks fly out of the cage

But beauty is like a good wine, the taste is sweeter with ageNo man can guess in cold blood what he might do in passion

But the things that he deplores today are tomorrow's latest fashion

Serving one's own passion is the greatest slavery

But if in wanting you I become your slave, I intend no braveryFrom this moment on, from dusk till dawn

Till the end of time, I'll be with you

You'll be with me, forever in my mindIt's you I see before me, oh oh, Garbo

C'est toi que je t'adore, oh oh, Garbo

A lovers' greatest story, oh oh, Garbo

They say, well that's amore, oh oh, GarboIt's you I see before me, oh oh, Garbo

C'est toi que je t'adore, oh oh, Garbo

A lovers' greatest story, oh oh, Garbo

They say, well that's amore, oh oh, GarboIt's you I see before me, oh oh, Garbo

C'est toi que je t'adore, oh oh, Garbo

A lovers' greatest story, oh oh, Garbo

They say, well that's amore, oh oh, Garbo
