Amanda Holley

[INTRO]

Do it how I like it
Do it, Do it how I like it

[Verse 1]

Suffocation ...
I don't mind it
Gimme all of love
Your existence
Cover me with internal
Emotions you been hiding all this time now baby
Don't be scared to open up I see that you been dying
Lately
Give me what you're holding onto
Hiding oooo

[CHORUS]

Do it how I like it
Won't you put it down for me?
Won't you lay it down for me?
Wont u turn this out for on me?
Do it how I like it
Won't you put it down for me?
Won't you lay it down for me?
Baby can't you see?
I'm FEENIN
I'm FEENIN

[Verse 2]

Connection,
Your fingers ...
Your kisses are my trigger

Cover me with all of your affection baby
you don't have to wait no longer

Baby please won't you please do it like the way I wanna

[CHORUS 2]
