Chills In The Evening

V

Being with you was all that I needed
And I don?t know why you were too blind to see it
Now you?re gone
And I need you here tonight
You know that I can?t sleep 'cos I?m terrified
Feels like I?m fallin? down really fast inside
And I?m wishin? the night away
These chills in the evening they won?t go away
And sometimes I feel like I can?t go on living
There?s not much to take when you?ve done all the giving
(You?ve done all the giving)
And now you?re gone and I need you here tonight
You know that I can?t sleep 'cos I?m terrified
Feels like I?m fallin? down really fast inside
And I?m wishin? the night away
These chills in the evening they won?t go away
(They won?t go away)

And now I need to find a way
(Find a way)
To stop this pain from getting stronger
(Getting stronger)
And I just can?t explain, I don?t understand, why you left me here
You know that I can?t sleep 'cos I?m terrified
Feels like I?m fallin' down really fast inside
(Fast inside)
And I?m wishin? the night away
These chills in the evening they won?t go away
You know that I can?t sleep 'cos I?m terrified
Feels like I?m fallin? down really fast inside
And I?m wishin? the night away
(Wishin? the night away)
These chills in the evening they won?t go away
They won?t go away
