

# One in a Million

## Miley Cyrus

How did I get here? I turned around and there you were  
I didn't think twice or rationalize  
'Cause somehow I knew That there was more than just chemistry  
I mean I knew you were kind of into me  
But I figured it's too good to be true I said, Pinch me, where's the catch this time?"  
Can't find a single cloud in the sky  
Help me before I get used to this guy They say that good things take time  
But really great things happen  
In the blink of an eye Thought the chances to meet somebody  
Like you were a million to one  
I cannot believe it, you're one in a million All this time I was looking for love  
Tryna make things work that weren't good enough  
Till I thought I'm through, said, I'm done  
And stumbled into the arms of another one You're making me laugh about the silliest stuff  
Say that I'm your diamond in the rough  
When I'm mad at you, you come with your velvet touch Can't believe that I'm so lucky  
I have never felt so happy  
Every time I see that sparkle in your eyes They say that good things take time  
But really great things happen  
In the blink of an eye Thought the chances to meet somebody  
Like you were a million to one  
I cannot believe it, you're one in a million All this time I was looking for love  
Tryna make things work that weren't good enough  
Till I thought I'm through, said, I'm done  
And stumbled into the arms of the one I said, Pinch me, where's the catch this time?"  
Can't find a single cloud in the sky  
Help me before I get used to this guy They say that good things take time  
But really great things happen  
In the blink of an eye Thought the chances to meet somebody  
Like you were a million to one  
I cannot believe it, yeah yeah They say that good things take time  
But really great things happen  
In the blink of an eye Thought the chances to meet somebody  
Like you were a million to one  
I cannot believe it, you're one in a million, yeah One in a million, yeah  
You're one in a million
