

# Genuine: Very Real Remix

Stacie Orrico

I see you passing by  
I don't where  
I don't know why  
You choose to go the way that you're going now  
You've been a friend of mine for many years for a long time, but..  
You just aren't you today, so what's on your mind  
You just won't speak about it  
think about it  
be about it  
Gotta make yourself aware that you're goin' astray  
You're trying so hard to fit in What you need is something genuine  
What you want is something real  
What you need is something truthful  
I know you do  
I know you do  
I know you do  
'Cause I need it too..  
What you need  
What you need  
What you want  
What you want  
What you need  
What you need  
Something Genuine. You cry yourself to sleep  
Sleep at night but once the night is gone  
And you prepare to face a brand new day  
You hide yourself behind that mastermind  
You're in disguise  
It's as if you try to put a mask on your pain You Don't know who you are  
What you're about  
where are you now  
You're becoming someone that you don't want to be  
You're trying so hard to fit in What you need is something genuine  
What you want is something real  
What you need is something truthful  
I know you do  
I know you do  
I know you do  
'Cause I need it too..

What you need  
What you need  
What you want  
What you want  
What you need  
What you need  
Something genuine. He loves you for who you are now and who you will be  
Don't fear living in truth there's reality  
I don't have all the answers but I know One who does  
And I know there's freedom and truth  
I got to Him because What you need is something genuine  
What you want is something real  
What you need is something truthful  
I know you do  
I know you do  
I know you do  
'Cause I need it too  
What you need  
What you need  
What you want  
What you want  
What you need  
What you need  
Something genuine. What He has is something genuine  
Who He is is someone real  
What He gives is something truthful  
It's what He has it's Who he is  
It's what He gives  
And I need Him too  
What you need  
What you need  
I Need Him Too  
What you want  
What you want  
What you need  
What you need  
Something genuine.
