

# Definition of a Man

## Javine

I don't know think that, uh, you should go  
Through the change that you do  
I want to change things for the better  
He don't deserve your kind of love  
The kind of guys like me don't get enough of  
Hanging out late with his friends  
Always in your pockets spending your ends  
What I wouldn't do to be in his shoes  
He goes out his way to misuse you  
Don't take much to share responsibility  
He don't even care what kind of man is he  
You give you everything  
But get nothing in return  
Whatever you need just teach me  
I ain't afraid to learn, no  
I'll care for you, be there for you  
I'll share with you  
I'll understand, I'll be your friend  
That's my definition of a man  
I'll care for you, be there for you  
I'll share with you  
I'll understand, I'll be your friend  
That's my definition of a man  
You don't seem like you're satisfied  
He said that he changed but you know he's lying  
I never been one to have a PhD  
'Cause I don't want nobody playing hating on me  
I know a good thing when I see one  
I look in your eyes, girl, I see the sun  
Girl, let him go while you're ahead  
I should be the one sleeping in your bed, baby  
Oh, you give him everything  
But get nothing in return  
Whatever you need, girl, just teach me  
See I ain't afraid, I ain't afraid to learn  
I'll care for you, be there for you  
I'll share with you  
I'll understand, I'll be your friend  
That's my definition of a man

Be there for you  
I'll share with you  
I'll understand, I'll be your friend  
That's my definition of a man  
See baby, you should never have  
To wear the same thing twice  
I'll buy you everything you like  
I'll go to the wall for you  
Spend my last time at the mall for you, baby  
Go downtown in more ways than one  
See a good mans job, a good mans job  
Is never never never never never  
Never never done, baby  
I'll care for you, be there for you  
I'll share with you  
I'll understand, I'll be your friend  
That's my definition of a man  
I'll care for you, be there for you  
I'll share with you  
I'll understand, I'll be your friend  
That's my definition of a man
