

Not That Girl

[Tiffany Giardina](#)

You tell me you're so in love, that I'm a perfect angel that's send from up above
You said that you'll buy me everything take me around the world give me diamonds and pearls
Your word's another lies I see it in your eyes, can't say I'm surprised, I'm not that girl
Just get away, shut up don't talk, I'm sick of talking, so sick of you
You thought you had me, look who shot you, I shot you
down hit you in your heart when you thought of getting away, I'm not that
Girl falling for your lies, don't believe a word that you say
I shot you down, down, down, down, down, down, down, down, down down
I shot you down, down, down, down, down, down, down, down, down, down
I shot you bang, bang, bang, bang
You tell me you want me want me more, this is a useless conversation, I'm just a fascination
You said that you're never giving up
To jump up in your ride, we'll be Bonnie and Clyde

You want to know the lies I see it your eyes, can't say I'm surprised, I'm not that girl
Just get away, shut up don't talk, I'm sick of talking, so sick of you
You thought you had me, look who shot you, I shot you
down hit you in your heart when you thought of getting away, I'm not that
Girl falling for your lies, don't believe a word that you say
I shot you down, down, down, down, down, down, down, down, down, down
I shot you down, down, down, down, down, down, down, down, down, down
I shot you
I shot you down hit you in your heart when you thought of getting away, I'm not that
Girl falling for your lies, don't believe a word that you say
No, No, I shot you, down, down, down, down, down, down, down, down, down, down
I shot you down, down, down, down, down, down, down, down, down, down
I shot you down.
