Something For Nothing

The O'Jays

They wanna get something
They wanna get something
They wanna get something
Something for nothingSomething
They wanna get something
They're trying to get something
Something for nothingEasy come, easy go
What I'm trying to tell you is worth it's weight in gold
Sometimes it's hard to know who you can trust
They call you brother and leave you in the dustIt takes all kinds of people to make this world go round
And everybody know it's time for you now, now
I'm trying to tell you, I'm know it all too well
They don't care about you or me, they only have all to tellThey wanna get something
They wanna get something
They wanna get something
Something for nothingSomething
They wanna get something
They're trying to get something
Something for nothingSomething for nothingHonest work for honest pay
Sometimes I wonder, does it ever work that way
Down and up of what they can get
Making a living off of other people's sweatIt takes all kinds of people to make this world go 'round
And everybody know it's time before you now, now
I'm trying to tell you, make no mistake
They don't care about you or me, always on the takeThey wanna get something
They wanna get something
They wanna get something
Something for nothingSomething
They wanna get something
They're trying to get something
Something for nothingSomething for nothing
That's a part of my life
Something for nothing
It's [Incomprehensible]Something for nothing
Don't you forget
Something for nothing
They're always out to get
Something for nothingSomething
Something for nothingThey're only out for what they can get

Once you got the cash, they got no regrets
They sell drugs to the poor, arms for war
They don't care, here's the scoreThey build nuclear plants and cracks in the wall
And they get so sucker to take the pot
It's all the same, the power game
This is greed, my friend, by any other nameIt takes all kinds of people to make the world go 'round
So you better beware, so you better beware, yes, you better beware
I'm gonna prove you wrong, wrong, wrong, wrong, wrongThey wanna get something
They wanna get something
Something for nothingThey wanna get something
They wanna get something
They're trying to get something
Something for nothingThey wanna get something
Something for nothing
They wanna get something
Something for nothingThey wanna get something
Something for nothing
They wanna get something
Something for nothingThey wanna get something
Something for nothing
They wanna get something
Something for nothing
