

Can't Stop Now (Jack Steadman Remix)

Sivu

Guide us through the night
As we jump between headlights and stars in our sleep
Piecing parts together
Waves crash as if when earth first met the sea
Make the ground shake so we're thrown up in the air
In the dark I found the evil in me and I was scared as can be We just can't stop now
I don't know myself anymore
Somewhere out there we lost ourselves
Can't stop till we know for sure Skipping stones across oceans home
Is all I've been thinking about now
Retracing our footsteps on the floor
Keep our minds ticking over for hours... We just can't stop now
I don't know myself anymore
Somewhere out there we lost ourselves
Can't stop 'til we know for sure Can't stop till this rides over
Can't stop till this rides over
Can't stop till this rides over We just can't stop now
I don't know myself anymore
Somewhere out there we lost ourselves
Can't stop 'til we know for sure We just can't stop now
I don't know myself anymore
Somewhere out there we lost ourselves
Can't stop 'til we know for sure
