

Sidewalk

The Shadowboxers

No matter what you said
No matter what you say
I'm leaving with a piece of your heart anyway
I know you want to call it doubt
But that's the easy way out
I can show you what the stain of regret is all about
And I think over and over about the pain I see you in
About your friend incarcerated all the times you didn't win
And I know it can be hard to give your heart away again
Move in off that sidewalk
We will come around for each other
Give this another
Maybe another try
I'm sitting in my room
Playing back what you said
And now it's even harder to know what you meant
No matter what I did
No matter what I do
I'm still falling asleep without you
And I think over and over about the pain I see you in
About your friend incarcerated all the times you didn't win
And I know it can be hard to give your heart away again
And again and again and again
Move in off that sidewalk
We will come around for each other
Give this another
Maybe another try
Move in off that sidewalk
We will come around for each other
Give this another
Give this another
Maybe another try
Move in off that sidewalk
We will come around for each other
Give this another
Give this another
Maybe another try
Move in off that sidewalk
We will come around for each other
Give this another
Give this another
Maybe another try
Give me a sign yeah
