

# Storm on the Sea

## Fly Away Hero

Well itâ€™s little things like texts that donâ€™t come anymore  
valentineâ€™s I never received  
and pictures of you that I never hung up  
and that you never ended up taking of me

And the road was blocked with things weâ€™ve already  
talked about

And shards of years we shattered from our screens  
And you tell me how youâ€™ve got it worse off but do you cry  
when you dream

And they tell me to get to the rainbow  
Iâ€™ll suffer the rain  
but right now my life is a hurricane  
Iâ€™ve weathered the weather  
fought through the storm  
just to ask for a heart that donâ€™t beat anymore for me.  
Youâ€™re my storm on the sea.

and itâ€™s bigger things like comments you wonâ€™t take back.  
and fights that we never resolved  
and nights that I spent trying to get you on the phone  
but you never ended up taking my call

youâ€™ve really done a number on my self esteem  
You the girl I used to call my number one.  
so laugh at me one more time under our setting sun

Mmmm-mmm

And they tell me to get to the rainbow  
Iâ€™ll suffer the rain  
but right now my life is a hurricane  
Iâ€™ve weathered the weather  
fought through the storm  
to ask for a heart that donâ€™t beat anymore for me.  
Youâ€™re my storm on the sea.

Will you pull me through  
do you remember the good

I remember when the water was blue  
and now Iâ€™m sailing without you  
But Iâ€™d turn this ship right around if you wanted me to.

And they tell me to get to the rainbow  
Iâ€™ll suffer the rain  
but right now my life is a hurricane  
Iâ€™ve weathered the weather  
fought through the storm  
To ask for a heart that donâ€™t beat

They tell me to get to the rainbow  
Iâ€™ll suffer the rain  
but right now my life is a hurricane  
Iâ€™ve weathered the weather  
fought through the storm  
To ask for a heart that donâ€™t beat anymore for me.  
Youâ€™re my storm on the sea.

Youâ€™re my storm on the sea.
