

# Sex, Drugs, & Violence

## Attila

I said I never gave a fuck.  
I'll be the first one to let you know again.  
Things will never change unless this world comes to an end.  
I'm sick and Twisted and you're the one to blame. Sex drugs and violence go hand in Hand with fame.  
So who wants to be my next victim today?  
Here goes Nothing.  
I'm out for the kill. For the kill.  
Another day another dollar  
Sigh.  
So who's next in line? Raise your hand.  
If we were already in hell  
Who cares? We're all eternally fucked.  
And if you never gave a fuck. I Need to hear you scream these words until the end.  
I am a villain oh  
Yeah.  
We are all a part of the same big picture. There is strength in  
Number and if we all stick together  
We can take over the world  
We are The missing pieces And we're the only ones who can determine our fate.  
Jump.  
Everybody doubted me I never gave a fuck.  
Another day another Dollar I never relied on luck. And when the day is finally here and  
Everything is said and done.  
I'll put my middle fingers up 'cause I proved  
Everybody wrong. We bring the motherfucking heat.  
Yeah! we bring the Motherfucking heat.  
Don't be alarmed we won't be long. It's okay.  
This Won't hurt. Sit back and smile with me sex drugs and violence  
Baby  
Sex Drugs and violence!
