Just a Branch on a Mighty Tree~

Lord, I'm Just a little branch on a mighty tree. I'm just a little branch on a mighty tree. When I need rain, you let it rain on me. I'm just a little branch on a mighty tree.

I know I'm small, but you make me strong. And you placed me here where I belong. I can feel your mighty hand as it purchased me, I'm just a little branch on a mighty tree.

Lord, I'm Just a little branch on a mighty tree. I'm just a little branch on a mighty tree. When I need the light, you let it shine on me. I'm just a little branch on a mighty tree.

There's room for you right here with me, if you'll open your heart and just believe. On that day you'll be glad to be, just a little branch on a mighty tree.

Lord, I'm Just a little branch on a mighty tree. I'm just a little branch on a mighty tree. When I need rain, you let it rain on me. I'm just a little branch on a mighty tree.

When I need rain, you let it rain on me. I'm just a little branch on a mighty tree.
