

# Cassie Eats Cockroaches

## Acid Bath

"She came towards me, and with the light like it was, the like light of heavenly grace, and the first thing that flashed into me gulliver was that I'd like to have her right down there on the floor with the old in-out - real savage." I feel the wetness of her tongue that slides across my skin  
The viruses crawl over me and feel for some way in  
Cassie loves to swallow, this bleeding will not stop  
I left cassie hollow, cut you with my cock Cassie likes it in her hand, Cassie's dead inside  
I came to fuck the open wound, so hold it open wide  
Cassie loves to swallow, this bleeding will not stop  
I left cassie hollow, cut you with my cock Show it to me, spread your legs  
Don't you fucking look at me  
Show it to me, spread your legs  
You are so fucking suave  
Let's fuck! Take me into the ocean, lay me out on her shore  
Wake me when the sun burns out and we'll run forever more  
We're all gonna die tomorrow, the freaks are screaming burn it down  
She can't feel the weather, I can't touch the ground Pale and twitching, twisting to the cold dance  
Watching the room grow old, a funeral romance  
Somewhere, someone's screaming that the world's gone  
Smear me with your blood and let these dead boys sing their grave songs  
Suck Slide across the warm red floor to meet me  
Lock the bathroom door before they crawl to eat me  
Cut her throat and whisper that we're going home  
Twitching to the cold dance, they suck the meat from her bones  
Suck, suck, suck
