

Hit da Road Jack

Public Enemy

I remember when us blacks were on our backs
Across tracks where we live, now we packin' in Cadillacs
Or Pontiac if you know what I'm sayin'
Po' old nigg thinks it's a Caddy and now he's playin' mack daddy But that's all right I blame it all on Jack
Who's Jack you ask me, you say, I say it every time
But the rhyme goes into your head down to your toes
And you missed me play it off like a diss, yo Let's go and diss the wick wick wack, wiggedy whack in fact
I'm sayin' hit the road Jack for the hook
I'll play it by the book for the track, I'll bring it back
Look out, hit da road Jack Hit da road Jack
Hit da road Jack
Hit da road Jack Don't you come back, don't you come back
Don't you come back, don't you come back Black is black and white is white
That's all right if you're right, that's all right, no need to fight, yo
Much respect if your nature's in check a little
If not expect me to cock a doodle do a riddle Just actin' cracka proves to be a killer to me
Like I refuse to be a negro but we grow to be people, people
But our color had 'em playin' us out
Like we was Cinderella But if you take it and break it down, full of noise
But Jack and his boys keep doin' what they wanna do
But hear me out Jack goes under color to kill one another
'Cause some blacks act devil too And if you see him, you can tell by his act
Not his word but his deed and we bleed all because of that
Lifestyle of a dirty rat and if you act like that
Step back and hit da road Jack Hit da road Jack
Hit da road Jack
Hit da road Jack Don't you come back, don't you come back, don't you come back
Don't you come back, don't you come back, don't you come back Don't you come back, don't you come back,
don't you come back
Don't you come back, don't you come back Not Jack the Ripper or the Jack of Spades, I'm not jackin' for beats
Let's get Jack the Raper, mothers cried while forefathers died from the whip
And not a bit ever made the paper when I come they all run and hide
And they quit and yell loud, here he come wit' dat black s*** I'm through wit' Jack bein' the quarterback of the
scene
He's played out like bell-bottom jeans, you know
I took a line from the Main Source for that
I know they feel the same, thank you, hit da road Jack Hit da road Jack
Hit da road Jack
Hit da road Jack Don't you come back, don't you come back

Don't you come back, don't you come back
Come back no moreDon't you come back, don't you come back
Don't you come back, don't you come back
Don't you come back, don't you come back
Come back no more, don't you come back
