Vast And Vague

36 Crazyfists

We hit the floor with little certainty, the truth ended with more
Outlining all the ways of which to be but no longer
The scenery we hoped for has taken over air
And now more than ever, you'll find outWhy I try to fight these changes battling me?
I choose these chains inside just implodingSlowing the sound, I eat at this alive
Slowing the sound for the sake of breaking teeth
Resist within where true hearts ignite
Engage within fight to hold hearts highWith nothing left I aim on anything to give me a repeat
The lack of faith and hope in the between
But it's endless, the fight that's never ending and the body full of heart
Back it in the corner, watch it tear this apartFrom limb to limb it strikes on anything
That makes itself the enemy surviveSlowing the sound, I eat at this alive
Slowing the sound for the sake of breaking teeth
Resist within where true hearts ignite
Engage within fight to hold hearts highWe are the ones, the tried and true
We are the chosen few
We are the chosen fewEmbrace the rage you hold inside
Embrace the rage you hold inside
Burst from the flames, reclaim the heist
We won't fall, we won't fall, we won't fallSlowing the sound, I eat at this alive
Slowing the sound, I eat at this alive
For the sake of breaking teeth
Resist the end where true hearts ignite
Engage within fight to hold hearts highWe stand, we stand
We stand the tried and true
We stand the tried and trueWe stand, we stand, we stand
We stand the chosen few
We stand the chosen fewWe will find a way, we will find a way
We will find a way, we will find a way
