

# One Time (Earthsuit 2000 )

## Earthsuit

Follow me down the road to the realms of the rhyme  
People of the rock come and rock one time  
When we bring the sound, you know the light of God shine  
People of the rock come and rock one time Anyone thirst there's plenty of new wine  
People of the rock come and rock one time  
Make me feel so fine all of but all the time  
People of the rock and the Father to come and fill us One time, one time  
One time, one time, one time Everybody body get your hands up  
And grab for more new wine  
That's falling more than you can stand up  
Got the vision for the rough terrain desolate the sane  
Lord, hit me one time, infiltrate the mind Everybody, everybody, body, body  
Everybody, body, body  
Everybody, body, body  
It's a one time shot Father, come and fill us one time, one time  
Father, come and fill us Smoke from the wick, yesterday burnt the candle  
Daily shots are all than I can handle I see you've gone blind  
You want to find the philosophies of the Pla-to man  
But you can't because it's a spectacle Everybody, everybody, body, body  
Everybody, body, body  
Everybody, body, body  
It's a one time shot Do re mi fa so la ti, do ti la so fa me re do  
I warm up my tongue to engage in a lyrical war  
Now I'm ready to go so I reckon the second  
I'm decking and checking and wrecking the mic yo I've got the kingdom of darkness talking that I am a psycho  
Earth suit is in the house, so figure out what the deal is  
I'm gripping the mic and I'm flipping it right  
And you've got to get ready to hear this I promise to tell the truth, the whole truth  
Nothing but the truth, funk mounth to bootcha The Father to come and fill us one time
