Hot

LaFee

So this is the girl you chose over me.
Say was it worth it?
You two look oh so sweet.
I'm over you and she's cute indeed
And yes, I can see why you picked her over me
But the way you look at me behind her back
I can't believe you do something like that
Do you wish you had back
What you once had?
You don't know
What you got until it's gone badRefrain:
Hot! No, she's not
No, she ain't got what I got
No, she ain't hot
That girl ain't hot and you know she's not
She ain't got what I got
No, she ain't gotWhat do you want from me when you have her?
The perfect match
You and your dreamgirl
Say are you thinkin' of me while makin love to her?
I thought she's all that you need or is something missing thereRefrain(x3):
Hot! No, she's not
No she ain't got what I got
No she ain't hot
That girl ain't hot and you know she's not
She ain't got what I got
No, she ain't got
