Lost and Confused

Lillix

so many days
ive gone by without a trace
i dont know what to do and what to say
to many ways
for you to come and stay
in my mind ive waiting for you
but there is one thing that ive forgot to say
dont think im changing for you
never ever
will you hear me say
that i cant make it alone
you just cant change it now
not before we see that it hasgone through the window
out its side
never again to see
lost in the distance
dont know where to go
dont know where to goi have seen you inside the intercom
what a waste to it all
dont turn away just look around
then youll see that its gone
it bugs me more then words
thats why you cant see that itsgone through the window
out its side
never again to see
lost in the distance
dont know where to go
dont know where to gowhen the time has come for me to say goodbye
ill look upon that moment i wont hidegone through the window
out its side
never again to see
lost in the distance
dont know where to go
dont know where to go [x2]dont know where to go...
