

# So Emotional

## K-ci & Jojo

Ah, yeah, ah, yeah  
Ah, yeah, yeah  
I get so emotional  
Whenever I touch you, whenever we kiss  
I get so emotional  
You're so beautiful, yeah  
You do to many, whatever it is you do to me  
You make the whole world stop  
And stand still, and stand still  
Now every time I see you walking by  
I can see the reason why you're special to me  
I thank God every day  
Every time I see your pretty face  
I get so emotional  
Whenever I touch you, whenever we kiss  
Girl, it's so physical  
Whenever you're around, I can't resist  
It's so sexual  
Whenever you do that thing with your lips  
I get so emotional  
You're so beautiful, yeah  
Incense and candles, flowers and slow jams  
Champagne and cherries, acoustic serenades  
Girl, you're all those things  
To my life this is what you bring  
Nights of passion, days of joy  
Girl, you're all I want and more  
I get so emotional  
Whenever I touch you, whenever we kiss  
Girl, it's so physical  
Whenever you're around, I can't resist  
It's so sexual  
Whenever you do that thing with your lips  
I get so emotional  
You're so beautiful, yeah  
I'll give you everything you want, lady  
I'll give you everything you need, baby  
I'll give you anything you want, baby  
I'll give you everything, lady

I'll give you anything you want, baby  
I'll give you everything, I'll give you everything  
I'll give you anything you want, lady  
I'll give you everything you need, baby  
I get so emotional  
Whenever I touch you, whenever we kiss  
Girl, it's so physical  
Whenever you're around, I can't resist  
It's so sexual  
Whenever you do that thing with your lips  
I get so emotional  
You're so beautiful, yeah  
You're so sexy, you're so sweet  
Girl, you got just what I need  
You're so sexy, you're so sweet  
Girl, you got just what I need  
I get so emotional  
Whenever I touch you, whenever we kiss  
Girl, it's so physical  
Whenever you're around, I can't resist  
It's so sexual  
Whenever you do that thing with your lips  
I get so emotional  
You're so beautiful, yeah
