Eros and Apollo (Manhattan Clique Remix)

Studio Killers

Yeah, with a boy like that it's seriousThere's a boy who is so wonderful
That girls who see him cannot find back home
And the gigolos run like spiders when he comes
'Cause he is Eros and he's ApolloGirls, with a boy like that it's serious
Senoritas, don't follow him
Soon, he will eat your hearts like cereals
Sweet Lolitas, don't go
You're still youngBut every night they fall like dominoes
How he does it, only heaven knows
All the other men turn gay wherever he goes
Wow!Girls, with a boy like that it's serious
Senoritas, don't follow him
Soon, he will eat your hearts like cereals
Sweet Lolitas, don't go
You're still youngYeah, with a boy like that it's serious
Senoritas, don't go
Please don't goSoon, he will eat your hearts like cereals
Sweet Lolitas, don't go
You're still youngSweet Lolitas, don't go
You're still youngStill young, still young, still young
Still young, still young, still young
Still young
