

# Get On

## Hurricanes

Just a sweet Carolina, just a rocking little mama  
Leave my baby in old Alabama  
Rockin' in the evening when the sun goes down  
Playing guitar that's a swinging old town  
Rocking and a rolling just a little while  
Ain't got no rolling ain't got no holding  
Get on, get on baby, get on  
Get on, get on baby, get on  
Let me be rock and rolling free  
Well old Alabama, just a sweet Carolina  
Rocking and rolling may leave town  
Got to be a scoogie lay on my boogie  
Let me hear you say you got my hole around  
Got to be a scoogie, bim, bomb, bang  
Ain't got no rolling ain't got no holding  
Get on, get on baby, get on  
Get on, get on baby, get on  
Let it be, rock and roll with me  
Go go baby dancing rock and roll  
Twist and shout, you'll be a rocking the bowl  
Just a little baby she's rolling around  
Ain't got no rocking or roling in town  
Got to be a scoogie of the neighbourhood  
Ain't got no rolling, ain't got no bowling  
Get on...  
Get on...  
Let's rock and roll, ain't gonna move along
