Destiny

Firewind

One touch, one breath,
Im drowning in your sweet confusion
I wont, let go, as long as you will show your passion
One path, one step,
The road leads you out to nowhere
No fear, its clear, Ill be there for youI never knew
That I could feel this way
Out of the blue
Memories remainSee your destiny, here it comes
You're reaching for tomorrow
Leave your misery, seize the day
It will make you stronger
We can run away
Come alone and forget your sorrow
Oh it's your Destiny
It's your DestinyI see, the signs, but I stand still
Can't leave you, behind, because
You mean so much to meYou never knew
That you could feel this way
Out of the blue
Memories remainSee your destiny, here it comes
You're reaching for tomorrow
Leave your misery, seize the day
It will make you stronger
We can run away
Come alone and forget your sorrow
Oh it's your Destiny
It's your Destiny yeah!See your destiny, here it comes
You're reaching for tomorrow
Leave your misery, seize the day
It will make you stronger
We can run away
Come alone and forget your sorrow
We can run away
It's your Destiny!
