

# Killing Me Too

## Sister Hazel

Lend me your ear and  
I'll tell you about the things I fear  
Open your heart and  
I'll tell you why I'm torn apart maybe  
Lend me your car  
And we'll go chase down a falling star  
Give me your hand  
Cause it takes that fire to understand When was the last time you felt high  
Oh you were the best I've ever felt  
Cause I don't need you to fix me  
I just want you to listen It's killing me too  
It's so wrong not to be with you  
It's getting harder to stay awake  
It's killing me too  
It stops my heart just to be with you  
So listen 'cause you are  
The only one who cares to hear Lend me your time and  
We'll go somewhere  
And kill some wine  
Show me your soul and I'll shine my light  
Where it seems so cold now  
Give me your lips and I'll tell you about  
All the things I miss the most  
Open your mind and  
I'll crawl right up and sleep inside of it When was the last time you felt high  
Oh you were the best I've ever felt  
Cause I don't need you to fix me  
I just want you to listen It's killing me too  
It's so wrong not to be with you  
It's getting harder to stay awake  
It's killing me too  
It stops my heart just to be with you  
So listen 'cause you are  
The only one who cares to hear When was the last time you felt high  
Oh you were the best I've ever felt  
Cause I don't need you to fix me  
I just want you to listen It's killing me too  
It's so wrong not to be with you  
It's getting harder to stay awake

It's killing me too  
It stops my heart just to be with you  
So listen 'cause you are  
The only one who cares to hearTo hear me
